

Certificate of Conformity

Stainless Steel Ruler – BS4372: 1968

Product Code: 4077

Unit Size	30cm Ruler	
Batch:	SRT1	
Year of Manufacture:	2005	

Statement of Conformity

This is to certify that the Stainless Steel Ruler has been produced and independently tested to conform to the specifications described in BS 4372: 1968

Independent Testing

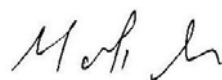

The ruler is supplied to the specification for "Engineers' Steel Measuring Rules" and is standardised under standard conditions @20°C. The ruler has a matt anti-glare finish as per the specification is the British Standard

Packaging

Please ensure that the product is retained in its original SDCE packaging, which contains the correct batch details. All product packaging is tested to ensure there is no contaminants or BHT content that could cause fabric yellowing.

Pack sizes are measured and approved using UK weights and measures act.
